13 Months Post BC...Yay!

This photos are horrible! My camera is broken so I used a cheap little fun-saver camera to take these shots and they did not come out well..lol. Anywho, I'm keeping my hair in twists for the month of October and for the remainder of the winter months. Major protective styling. I'll have my twist redone in different twist styles every 2 to 3 weeks. I wash them every 3-5 days using Hair Rules/Burts Bees/or Jason products. I moisturize w/Jane Carter Solution products/Hair Rules. I'm trying to use better products from this point onward. Happy Growing everyone!
