she shares a tid bit:

"I would just like to start by saying that I LOVE LOVE LOVE your website. So often people attach a negative stigma to having natural hair: that it represents rebellion or being unkempt. But thanks to your website, you represent the new natural woman. Thank you so much." -Thank You Stacey!!

I made the decision to natural when I was 13 years old because I was tired of the burn from relaxers and the scabs that would appear as a result. So I said "Mommy no more!" Ten years later, I don't regret that decision one bit.

Now I generally keep my hair natural but will press it from time to time for special occasions. I love experimenting with different styles and products.

Some products..

At the moment I've found a lot of success getting my hair to grow using Jane Carter Solution products, specifically their Moisture Nourishing Shampoo, Nutrient Replenishing Conditioner, and Revitalizing Leave-In Conditioner. I also really like Carol's Daughter products.

Thank you again for this amazing platform for others like me!
