restraints and do a twist-out. Initially the twists look cute, but after a day or so I find it really hard to add shine to my hair without weighing it down with heavy oils. And with my 4a & 4b curls, it is extremely hard to find a product that will add sheen without the build up.

Imagine my joy when I was sent Jane Carter Solution Nourish & Shine!

Here are the deets on Jane Carter Solution Nourish & Shine—

“You have never experienced a product as fabulous as Nourish & Shine! We blend all natural vitamins and essential oils to create this incredible hair nourisher.

It completely melts in your hair and adds amazing shine and never leaves your hair feeling greasy or limp. Nourish & Shine helps reduce dryness on your scalp and your skin! Be careful ... daughters and husbands have been known to abscond with this product, so buy two for them and one for you!”

Ingredients: Shea butter, Kokum butter, Illipipe butter, Mango butter, Vitamins A, D, & E, pear and grapefruit essential oils.

As soon as I got this product, I searched all the main natural hair care forums (and YouTube, of course!) to see what my fellow naturals thought of this product. It's rare to find products that have such positive reviews across the board. So needless to say, I am super stoked to try this on my twist-outs!
