PureZing Organics Review:

Non-greasy hair and body butter in one jar? YES!

Does it nourish and moisturize and silken and shine without being oily? YES!

Is the fragrance heavenly and fresh? YES!

What a pleasure it is to find a product that is not only multi-use, but that accomplishes its mission in such a pleasant and fragrant way. This 4-ounce jar with a large sunflower on the cheerful yellow label really does meet its claim of shining hair, feeding scalps, moisturizing all kinds of hair types as well as skin.

The ingredients are shea butter, kokum butter, illippe butter, mango butter, vitamins A, D, & E, and pear and grapefruit essential oils. Simple, direct and powerful!

When it works, it works...and there's only one way to say it! It works!

Everyone on our team loved it, including the men, and as it's non-greasy, we all find ourselves dipping into it for a fragrance kick every once in a while.

Great to take along on a trip, this will moisturize you from head to toe! This product is really Pure pear and grapefruit fragranced ZING!

ANOTHER GREAT REVIEW!

I was skeptical about it at first, and it seemed like it weighed my hair down. the first time I visited my stylist after I had started using it, I was certain she'd tell me my hair was still dry (her reaction to all the previous moisturizers I tried). However, to my surprise, she raved about how moisturized and great it felt. I've had two more visits w/ her since then, and her response to my hair has been consistently positive. She said it's looking more and more healthy each time I visit her, now. I am so thrilled that my search for an effective moisturizer is finally over, and I finally feel like there is nothing standing in my way of reaching my length goals. oh yeah, I should add that i'm less heavy-handed in applying it now, so it no longer leaves my hair feeling oily.
