(Jane Carter)

Natural hair ladies from all over Atlanta gathered last night at Whole Foods Market in Buckhead to “dish” about hair with Jane Carter! The event space was filled to capacity, and for good reason! Jane Carter, the creator of the [Jane Carter Solution](#) hair care line is extremely knowledgeable in her field, which shows itself in the quality of her products ([My interview with Jane Carter on the site](#)). Jane along with the [Tress Talk](#) gang shared numerous tips related to natural hair care, covering tips like moisturizing the hair, getting hair color, trimming and transitioning from relaxed to natural hair. They also had three models for the event, where they showed three different twist-out styles that you

could achieve using products from the Jane Carter Solution line. The ladies' hair looked fabulous! Of course I shot video of the event as well, so be sure to stay posted to my [YouTube channel](#) for that footage. There was a wealth of great information shared last night that I look forward to sharing with you all! A big thank you goes to Jane Carter for hosting such a wonderful event and being so generous in providing product samples we were given on our way home (perfect purse size goodies! – my fav is the spray leave-in conditioner!) as well as with the helpful tips she shared. Kudos to the ladies of Tress Talk as well, who did an awesome job in helping style the three models and sharing their own expertise as great hair stylists.
