Jane Carter Solutions

I have used a lot of products on my girls hair, but I have some that I LOVE! I just got **Jane Carter Solutions** in the mail today. I love it! Why? It made her hair softer than I have ever felt it, which made fixing her hair a whole new experience (for her and me!). I wasn't having to tug and pull (though I have always tried to avoid that, her hair would tangle up so quickly after a wash - even w/ conditioner in it!!). But with this - it didn't do that - it *stayed* soft!!! I even let her take a break for dinner (which I never do!!), and I didn't have to rewet it to get it workable!

Did I say I loved it? :)

FYI: I got the shampoo, conditioner, nourish and shine, and condition and sculpt.

Can you only vote once? I voted and just went in to vote again (thinking maybe you could vote once a day) and it said I had already reviewed the story. Trying to help!!

Which one did you buy? A kit, shampoo, etc? Thanks for the tip on this!

Thanks for the hair tips. As we start this adoption process, I am excited about bringing home our own Ethiopian hugs and kisses.

Blessings from Costa Rica,
