JANE CARTER HAS THE SOLUTION FOR DRY, DAMAGED HAIR

By Lynecia Burgess | March 25th, 2010

They say necessity is the mother of invention. Well, Jane Carter has given birth to a hair phenomenon.

World Wide Web - Jane Carter's eponymous hair line was born out her frustration with the lack of pure ingredients in traditional hair products. As a hair stylist for twenty years, she decided to do something about it creating a product line that nourishes dry, sometimes, chemically ravaged hair.

Jane Carter Solution is now a cult favorite among celebs, beauty editors and every day women alike. She sat down with HoneyTV to discuss her how her business has grown, introduces some new products, more! Check it out.
