## Jane Carter Says Thank You To Target Shoppers

TUESDAY, MAY 04, 2010

If you are a regular GF reader, you know that I am a lover of all things fabulous for a reasonable price of course. Target is just one of my favorite places to shop and now I have even more reason to visit my favorite haunt; they are now carrying a range of Jane Carter products and you can ensure that they continue to stock this leading natural hair care product!

As a very special Thank You, all customers who purchase \$50 worth of Jane Carter Solution products from any Target store will receive a FREE "Come Fly With Me" Travel Kit worth \$25. Simply email a scanned copy of your Target receipt to [Target@janecartersolution.com](mailto:Target@janecartersolution.com).

*Jane Carter Solution (www.janecartersolution.com) the leader in natural hair care products introduces a new natural daily conditioning shampoo for all hair textures. Hydrating Invigorating Shampoo is an SLS-free, paraben-free cleansing shampoo that gives a great sudsy wash without drying or stripping the hair and scalp of their natural oils. It is gentle enough for the whole family to use as well as those with color treated, dry, or damaged hair. Peppermint Organic Essential Oil stimulates and exfoliates the scalp, removing dandruff and providing a refreshing cooling and tingly sensation.*

*SLS (Sodium Lauryl Sulfate) is the reason many daily shampoos are simply too drying for most hair types. Hydrating Invigorating Shampoo's SLS-free formula keeps hair moisturized, healthy and strong, prevents breakage, and encourages hair growth. It also hydrates the scalp deterring dandruff, flaking, and itchiness. The Hydrating Invigorating Shampoo (SRP \$10.00, 8 fl. oz.) has amazing detangling properties, adds a healthy shine to strands and the fresh lemon verbena scent leaves hair smelling clean and natural.*
