Twist & Shout: Steal Solo and Corinne's Natural 'Dos

Have you mastered two-strand twisting? We can help.

New seasonal trends are screaming something that we've known all along: natural hair is hot! For you experimental curly cuties that have been rocking your puffs, pompadours, Mohawks and finger styles, here are a few tips to getting the ultimate, defined twists. Once you've mastered this foundational style, you can wear-n-go, or mold your twists into something even funkier.

[Solange and Corinne Bailey Rae wear great examples](#) of fluffy, fab two-strands twists. For Solo's look, we recommend twisting while wet, and for Corinne's voluminous twists, twist while dry.

To set the hair while it's wet, detangle and apply a generous amount of *Jane Carter Curl Defining Cream* and twist in neat, horizontal rows about the width of a small Sharpie marker. Uniform twists are easier to style than wild, crazy twists. Dry hair should be set in twists with the help of *Shea Moisture Curl Enhancing Smoothie*.

Once dry (for wet and dry twists), beat frizz by scrunching on *Carol's Daughter Macadamia Heat*

Protection Gloss while gently unraveling twists in the opposite direction they were twisted. Use a wide toothpick at the roots to slightly lift and hide parts, along with a blow dryer on a medium setting to elongate twists. Simply glide the dryer across the finished twists for maximum stretch.

Fluff, and go!
