Jane Carter Solution - Hair Nourishing Serum, 1 fl oz liquid

Jane Carter Solution - Hair Nourishing Serum, 1 fl oz liquid Review

Although the smell is stronger than I would like, it is not as bad as one reviewer wrote and it does not smell like a cleaning product. It is almost entirely essential oils and essential oils have a strong smell. One of the ingredients is geranium oil and I happen to hate the smell of geranium oil. The overall smell of this serum is a blend of citrus and strong florals. BUT my boyfriend really liked the smell. He didn't pick up as much of the floral notes as I did and he thought it smelled lemony and clean. The smell does dissipate after a while.

As far as everything else- this product is VERY lightweight, it gave my hair incredible shine, and I could apply it two or three times a day and never overdo it. My hair drank this stuff up. It absorbs really well. In the month or two that I used this serum the condition of my normally frizzy and fine Dominican hair improved. Now that I have been using plain jojoba oil instead I realize what a good product this serum is. It makes all the difference in the moisture of the hair- minus the over-greased factor. I hate it when one little drop of another oil can mean an entire head of hair ruined and turned into a greasy, gooey mess. I LOVE serums, lotions, creams, potions, and anything else in the name of beauty- so I love that I can reapply this 4 times a day.

I wouldn't give this product 4 stars instead of 5 due to the smell factor because those of us that know- KNOW- that oh so many things we put in our hair is stinky. While it's a shame that my quest for shiny, frizz free locks includes smelly keratin treatments and relaxers- I know that I must deal with the funk for a rewarding end product. Since this doesn't smell nearly as bad as the keratin treatments I have to sport for 72 hours- I will more than gladly deal with the smell of geranium.

Jane Carter Solution - Hair Nourishing Serum, 1 fl oz Liquid Overview

This is the product that started it all!! This all natural hair food contains thirteen essential oils, vitamins and botanicals. This light serum delivers vitamins and nutrients into the hair's cortex. The botanicals smooth the cuticle, helping hair naturally adjust its own moisture level, keeps frizz down on humid days and seals in moisture on dry days. Hair Nourishing Serum will not leave fine hair oily or greasy. Add a few drops to Nourish & Shine and apply daily. It even helps stop breakage!
size:1oz
